REVITALIZATION EFFORTS PROGRESS THROUGH STATE AND LOCAL SUPPORT

With an established track record of success, Albany's \$10 million Clinton Square Downtown Revitalization Initiative award is catalyzing more than \$100 million of new investment in and surrounding the Clinton Square neighborhood — making Albany more competitive with each New York State DRI round.

The South Pearl DRI Zone offers unprecedented potential for new investment. In 2024 momentum brought forth a \$1.75 million Restore New York grant award to support the rehabilitation of 120 Madison Avenue and 135 South Pearl Street. The \$3 million Prince Hall Apartments adaptive reuse project will restore these two buildings which are located at a key city gateway in Albany's South End. With the Zone's unparalleled access to downtown Albany and the opportunities presented by the offshore wind industry at the Port of Albany, the Zone is exceptionally poised to leverage the more than \$1 billion of private and public investment in these two districts.

HELP ACTIVATE CLINTON MARKET

Directly across from the Skyway, the redevelopment of the underused 11 Clinton Ave. is now complete, the site has been transformed into a vibrant, newly redesigned and accessible outdoor destination in downtown. Clinton Market Collective is an incredible venue for a new market concept and proving ground for startup businesses, diverse pop-up retail, local artists, and signature events.

POSITION YOUR BRAND OR IMPRESS YOUR GUESTS WITH A GATHERING AT THE CLINTON MARKET COLLECTIVE

More than \$3.5 million in local, state and federal assistance was invested into the site's reconstruction to support the market concept; however, to fulfill the community vision and maximize the potential for this space, this project needs private sector support. We need your help to bring Clinton Market to life.

Clinton Market is the newest neighbor to the Skyway and the 2,800 seat Palace Theatre, which sees millions in ticket sales and nearly 200,000 patrons annually alone. With a unique and versatile layout, our stunning, three-level outdoor venue is perfectly poised to host your next entrepreneurial endeavor or pop-up programming, celebration, gala, or fundraiser.

If you're interested in sponsoring an amenity, hosting an event at Clinton Market Collective, operating a food-truck on site, or bringing your business to Clinton Market using the site's shipping containers or a pop-up stall/tent, please contact our team.

PROJECT INDEX

LIVINGSTON AVENUE RAILROAD BRIDGE \$634.8 MILLION INVESTMENT

Construction started on a project to replace the Livingston Avenue Rail Bridge. A new seven-span, lift-type bridge will be constructed just south of the existing bridge. It will be wider and designed to handle taller rail cars, allowing for more freight, and will more reliably accommodate marine traffic on the Hudson River. A separated shared-use path will also be created to provide a crossing over the Hudson River for pedestrians and cyclists, providing easy connections to the Albany Skyway, the Empire State Trail, the future Rensselaer Riverwalk – a portion of which is being constructed as part of this project – and other area attractions. Completion is expected summer 2028. Recently completed with support through the Downtown Revitalization Initiative, lighting features were added to the Livingston Avenue Railroad Bridge Underpass to enhance pedestrian safety and create an inviting entrance on Broadway.

TOBIN'S FIRST PRIZE SITE \$100 MILLION+ INVESTMENT

Demolition and environmental remediation work is underway at the former Tobin's First Prize meatpacking plant, the latest step in the long-planned redevelopment of the deteriorating buildings off Exit 5 of Interstate 90. The 32-acre project site spans from the City of Albany into the Town of Colonie. Richbell Capital's preliminary plans include converting the site into a 2 million sq. ft. mix of apartments, retail and entertainment.

CENTRAL WAREHOUSE \$100+ MILLION INVESTMENT

A Round 8 Restore New York Communities Initiative grant award of \$10 million under a special project designation will support the safe demolition of the Central Warehouse. The long-vacant Central Warehouse is one of the first landmarks seen when entering the Capital Region, and its removal will encourage new investments and redevelopment of the site in a high growth area.

CLINTON MARKET COLLECTIVE \$3.8 MILLION INVESTMENT

The reimagining of 11 Clinton Ave. (formerly known as Federal Park) was completed in August 2024. Downtown's newest outdoor destination and event venue, the Clinton Market Collective was made possible with support from New York State's Downtown Revitalization Initiative, the City of Albany, Empire State Development, National Grid and Capitalize Albany. It's located at the foot of the Skyway and at one of the City of Albany's most prominent gateways. The underused space's transformation is creating a place for unique and iconic works of art, pop-up retail, flexibility for special events, pop-up programming and more.

LIBERTY PARK | INVESTMENT TBD

The Liberty Park site is the City of Albany's largest development opportunity and when redeveloped it will generate unprecedented local economic growth. Capitalize Albany acquired the property's remaining parcels in 2023 and is working towards the site's redevelopment after a multi-year land assemblage effort. Redevelopment is made possible with \$15 million in Upstate Revitalization Initiative resources.

STATION 25 \$22.2 MILLION INVESTMENT

The five-story Station 25 affordable housing development – which involved repurposing a former fire alarm station at 25 Delaware Ave. – is now complete. Located in Albany's Park South neighborhood, Station 25 features 51 one and two-bedroom apartments and several community amenities. Station 25 complements the City of Albany's Park South Urban Renewal Plan by revitalizing an underused parcel and reactivating the disused historic Fire Signal Equipment Building on site.
