Construction has started which will transform 11 Clinton Avenue in Downtown Albany into a more vibrant, welcoming and redesigned park to support the Clinton Market Collective — **a new market concept and proving ground for startup businesses, diverse pop-up retail, installments by local artists, and signature events.**

With more than \$3.5 million in local, state and federal assistance — the site is getting completely reconstructed to support this concept. **However, to fulfill the community vision and maximize the potential for this space, this project needs private sector support.**
